WORK EXPERIENCE

Software Development Engineer 1 – Deloitte USI, Bengaluru   *06/2023 - present*
- o Tailor your experience sections to the job description. Don't use up too much of your space detailing daily duties that aren't relevant to the job for which you're applying.
- o Study the job listing to figure out what's most important to the hiring manager.
- o Use important resume keywords and accomplishments that speak to your ability to execute.

Software Development Associate – Deloitte USI, Bengaluru   *06/2021 - 06/2022*
- o Work the hard skills and keywords found in the job description right into your resume. That said, simply listing the keywords in these dedicated skills sections is not enough.
- o Recruiters want to see context that proves that you actually possess the skill.
- o For example, if you mention a piece of software like Microsoft Excel, Adobe Photoshop, or AutoCAD, mention the types of projects it was used for.

Software Analyst – Deloitte USI, Bengaluru   *12/2020 - 06/2021*
- o Recruiters like to be able to get an idea of why you move from company to company. Demonstrate your increasing impact and responsibility from job to job.
- o This shows the recruiter that you're capable of taking on more and more and gives them an idea of where your career is heading.

PROJECTS

BurgerLife – Privatized Cloud Solutions
- o Recruiters like to be able to get an idea of why you move from company to company. Demonstrate your increasing impact and responsibility from job to job.

TickTrack – Published Android Application
- o Recruiters like to be able to get an idea of why you move from company to company. Demonstrate your increasing impact and responsibility from job to job.
- o This shows the recruiter that you're capable of taking on more and more and gives them an idea of where your career is heading.
